

OATLANDS COLLEGE

ALL-WEATHER PITCH

Dún Laoghaire -Rathdown County Council (DLRCC) is applying for planning permission (Part VIII) to develop an all-weather pitch at Oatlands College, Stillorgan, Co. Dublin. DLRCC is partnering with the Edmund Rice Schools Trust, Oatlands College and Oatlands Primary School to develop the proposed facility which will provide a 135m x 86m floodlit pitch accommodating a GAA pitch (130 x 80m), a soccer pitch (100 x 60m) and cross-field play.

Serving a huge demand for all-weather facilities locally, it would allow increased usage of the pitch by the schools during school hours and sports clubs outside of school hours, in particular during the winter months.

Have Your Say!

Public consultation is an essential part of the planning process. We invite the public to give their views to add to the submissions of the sports clubs, schools and local residents. The statutory public consultation period will run from **21st April 2023 to 2nd June 2023 inclusive**. For more information on this proposal, to register for the Information Webinar, and to make a submission visit: dlrcoco.citizenspace.com
